

Try City Soccer

March 24th, 2014

Meeting Minutes

Monica-

Coaches review:

1. Passed out coaches contact information to review/make changes needed
2. Do coaches already have allergy list for players? NO
3. Do we use surveys with parents? YES
4. Will begin using a form to record food allergies in the fall
5. Adult league moving nets and goals, need to make sure they stay in the designated spots due to rebar anchor.
6. Map was handed out to explain where division teams will be playing this spring.
7. New nets ordered and received for U 10 and up
8. U4/U8- meets Mon/Wed, U6- meets Tues./Thurs.
9. Need 2 more coaches for U6, and possibly one for U4 (for spring)

Budgeting-

Do we need some sponsors for traveling teams? Or someone in charge of fundraising advocating? Amy- No, at this point children/families pay for uniforms, will look at this again in the fall

Jeff-

Coaches, do the uniforms for travel teams work (colors)? Yes, per few coaches present from that division

New children signing up for U4-U8 will have new jerseys for spring session

Snack Issue-

Certain parents would like to see something brought up about healthy snacks, and would like to incorporate asking parents to only bring healthy choices for snacks.

Jeff, and most all others, state it should be left up to the coaches and parents to dictate what kind of snacks are brought. Jim Lein states it is hard to dictate snacks, the kids really look forward to them.

It is noted that a healthy snack list will be emailed to the coaches, and it is up to them to advise their parents on snack choices. This is agreed upon by all present.

Additional matters-

Make sure to contact kids before spring break to prepare them for soccer starting the week after spring break

Need to make sure teams have enough balls, one ball for each child. Ask for additional if you don't have enough to go around.

First week of spring session is going to be practice; the next 3 weeks are games and practice.

Should we get additional equipment to better the teams? Several said, No. We should offer clinics and educational time to better our teams. Parents are frustrated with teams not having skill base when playing area teams.

Clinics-

Coaches clinic should be established for all coaches, use in-house experience. Have clinic the first week of fall season, dates to be announced. Dates should be set up prior to summer. Tentative Aug. 23rd start date.

Clinic for kiddos this summer, also to be undertaken by experienced persons in the community. David and Juan present at meeting, suggesting fees to pay for their time and additional money is to be donated to benefit Tri City Soccer. All agreed. Schedule to be set prior to the end of spring season, handouts for parents at the end of spring season.

Next meeting, April 21st, 7pm at First National Bank.

Meeting adjourned.
